

SUPPORT UNISON'S 6 PRINCIPLES FOR OUR NHS

-
1. Free at the point of use
 2. Provided on the basis of clinical need, not ability to pay
 3. Properly funded through fair taxation
 4. Delivered by NHS public sector organisations
 5. Democratically accountable
 6. Designed to promote public health

& OPPOSE OUTSOURCING, PRIVATISATION AND JOB LOSSES AT PENINE ACUTE NHS TRUST HOSPITALS

On 24th April 2014 the Board of Directors of Pennine Acute NHS Trust will consider proposals to outsource key payroll, pensions and human resource functions to private sector companies based outside of the North West.

I the undersigned call upon the Board of Directors to reject outsourcing, privatisation and job losses and ask that they commit to the 6 core principles outlined above & ensure that all NHS services and functions at Pennine Acute continue to be provided by NHS public sector staff and organisations. Private companies must not be allowed to place private profit before the needs of our NHS.
